Renowned translator William Scott Wilson has rendered Lao Tzu’s classic in the most authentic way possible, using both the ancient text and the even older Great Seal script used during Lao Tzu’s time. The result is a new and nuanced translation, accompanied by gorgeous Chinese ink paintings and fascinating ancillary material. Wilson includes an introduction that tells the story of Lao Tzu, the “old man” and the “keeper of the archives,” and wonderful notes to illuminate the text. He also includes two short essays—one explains the relationship between Taoism and Zen, and the other explores the roots that link the spiritual aspects of the Tao with the practice of Chinese and Japanese martial arts. Wilson’s version of this ancient classic is wonderfully fresh and readable.

Tao Te Ching
Reflected in Eastern philosophy, art, and literature for more than 2,000 years, the magisterial effects of the Tao Te Ching have shaped the thinking of some of the world's most profound philosophers. This spiritual work, one of the most influential books in history, promotes the achievement of peace and harmony through meditation.

Lao Tzu's Tao Te Ching
"This book offers you an opportunity to internalize and directly experience the great wisdom of the Tao Te Ching, a collection of verses authored by the Chinese prophet Lao-tzu." The words Tao Te Ching translate to 'living and applying the Great Way.' Although just 81 short verses, the Tao encourages you to change your life by literally changing the way you think. By reading through the verses presented here (which I've pieced together after reviewing hundreds of translations)—along with the corresponding affirmation I've created for each verse—you'll be embarking on a path that encompasses the profound ideas that Lao-tzu intended to convey. "The Tao Te Ching offers you Divine guidance on virtually every area of human existence. It is a new way of thinking in a world that needs to recapture its ancient teachings. Work with the verses and affirmations regularly and you will come to know the truth behind the ancient Tao observation: When you change the way you look at things, the things you look at change." — Dr. Wayne W. Dyer

Tao Te King
Tao Te Ching is the 2,500 years old source to Taoism, written by the legendary Taoist philosopher Lao Tzu. In 81 short chapters, he presented the world according to Tao, the Way, and how mankind should adapt to it. The book has become one of the foremost world classics of wisdom - maybe even more relevant today, than it was to Lao Tzu's contemporaries. This translation of the text focuses on the clarity and simplicity by which Lao Tzu expresses his fascinating cosmology and profound ethics. Each chapter is thoroughly explained, also regarding how this old wisdom can be understood and applied today. Stefan Stenudd has corrected a vast amount of errors resulting from textual corruption of the various prevalent versions of Lao Tzu that have been passed down to us through the ages.
Tao Teh King

Although translations and interpretations of the Tao te Ching abound and new editions are released yearly, few accomplish the hard work of linking and bridging the Tao's profound message to the needs of modern readers. There may be a profusion of versions, but our lives and our world reflect little of the deep, transformative potential of this profound text of world literature. Nulla est in veritate multum. This Intensive Teaching Edition is a revelation in understanding the Tao's fourth-century BCE Chinese context with an exciting two-part application of that text to contemporary life. First, each of the eighty-one verses is joined by a richly curated array of quotes, sayings, poems, and stories from wisdom traditions around the globe. With quotes ranging from Emerson to Pink Floyd, and from the apostle Paul to Margaret Atwood, the Tao's meaning comes alive in conversation with others. Second, a brief reflection puts the verse in historical context and highlights the transformative power of Wu-Wei, the "non-interfering action, perfectly timed, to promote peace and prevent injury," to bring joy and justice to a hurting world.

The Tao Te Ching has achieved this rare renown, influencing countless changemakers and leaders throughout history. A leader will be faced with all kinds of challenges, some unforeseen. These texts emphasize that the best way to command or sway others is through a prudence that does not always err on the side of leniency or severity, but rather on that of knowledge and flexibility. Along with strength of character, an effective leader also possesses the ability to adapt and therefore to take informed, needful, and decisive action. Both Taoism and Machiavellianism note that personal development and, by extension, business management are essentially careful thought followed by swift action. Unique among large print inspirational books for women and men, large print classic books (particularly large print philosophy books) and large print history books for seniors and younger adults as well as children, Tao Te Ching is essential reading for all interested in important and influential philosophical texts. Lao Tzu was an ancient Chinese philosopher and writer born in the 6th-5th century BCE, reputed author of the Tao Te Ching (published 6th Century BCE) and founder of the School of the Tao or Taoism. The main source of information on Lao Tzu's life is a biography written by the historian Sima Qian (145-86 BCE), where he referred to earlier accounts, such as one noting that Lao Tzu was a contemporary of Confucius. However, some scholars doubt the historicity of Lao Tzu, and so his life, if he existed, remains shrouded in mystery.

Living the Wisdom of the Tao

Lao-tzu

El TAO TE CHING (El libro del sendero), de Lao Tzu, es una de las joyas de la humanidad, un tratado ya clásico sobre el arte de vivir cuya vigencia se extiende fuera de todo tiempo y lugar. Su figura central -el Maestro- es un hombre o una mujer que vive en armonía con el Tao, esencia irreductible del universo y fuente de toda vida. El Maestro es, así, un ejemplo vivo que nos enseña no sólo a gobernar sabiamente nuestra vida, sino también a dirigir ya sea un país, una empresa o una familia. La presente versión está basada en la traducción inglesa de Stephen Mitchell, una de las más reputadas internacionalmente y de la cual se han vendido más de medio millón de ejemplares en todo el mundo. Su especial cualidad es que transmite con sencillez y claridad las enseñanzas de esta obra inmortal que a menudo resultan excesivamente cripticas en otras versiones. La adaptación que aquí presentamos ha sido contrastada con otras traducciones españolas e inglesas, aunque respetándose en todo momento el estilo claro y directo de la versión de Mitchell. Las ilustraciones han sido seleccionadas por el doctor Stephen Little, director de arte oriental del Instituto de Arte de Chicago y una autoridad en arte chino y japonés. Se trata de un bellísimo conjunto de pinturas realizadas por artistas taoístas o por pintores de inspiración taoísta, cuidadosamente elegidas para realzar el espíritu y la poesía de estas magistrales enseñanzas. Los interesados hallarán una detallada información acerca de las mismas al final de esta obra.

Tao

Tao Te Ching translates very roughly as "the way of integrity". In its 81 verses it delivers a treatise on how to live in the world with goodness and integrity: an important kind of wisdom in a world where many people believe such a thing to be impossible. Taoism affirms that each human being is a reflection of the whole universe, a microcosm within the macrocosm, and that all of us live under the same cosmic laws of the Tao. The Taoist follows the path of non-action (Wu Wei), flowing with the constantly changing stream of life, and trying to live in universal harmony and balance. The easily assimilated aphorisms in this great book are a continuous source of spiritual guidance and nourishment, and its insights on statesmanship are practical guides for our own time. Ralph Alan Dale's brilliant translation uniquely captures, as never before, the essential meaning of this profound text, and makes it entirely relevant to today's readers.

The Lao Tzu, Tao Te Ching

El Tao Te Ching es uno de los libros más influyentes de la historia de la humanidad. Este texto, del cual hay diversas versiones, es una recopilación de 81 pasajes escritos por el sabio Lao-Tzu/Laozi, aunque algunos historiadores dudan de su autoría. El título se podría traducir por "el Canon del Sendero y la Virtud" o, sencillamente, como "el Libro del Camino". El taoísmo es un antiguo sistema de filosofía y ética muy importante en Asia oriental, pero cuya influencia se extiende por todo el mundo y es evidente, aún hoy, en el arte, la literatura y la filosofía. Este sistema sirve para vivir en armonía con los ciclos de cambio y para tomar conciencia de nuestro lugar en la red de la vida. Las enseñanzas de los capítulos o secciones en que se divide el libro se ejemplifican en esta novela gráfica con situaciones cotidianas a las que se podrían aplicar, de forma que el lector puede ver representados los aprendizajes de Lao Tzu en una realidad que le es conocida. "El Camino que puede describirse con claridad no es el Camino Inmutable. El nombre que puede pronunciarse en voz alta no es el Nombre Inmutable. Con la boca cerrada, dejando las cosas sin definir, te encuentras al principio del universo. Establece definiciones, y entonces eres la medida de toda creación".

Lao-tzu and Tao-te ching Revealed

A VISUAL INTERPRETATION. A book to illustrate the depth, subtlety and richness of the language and philosophy by explaining the visuals provided by key Chinese characters and the pictograms that precede them. Even if a translation appears fairly straightforward, all interpretation is subjective; it must be. Just as every translator interprets, every reader brings his or her abilities to understanding (interpreting) what they read. So it is, will be, and always has been, you will interpret what I have interpreted. Valuing this tendency rather than fighting that which is natural, I intend to offer up ways of seeing the text: Together we will re-view the text through its images rather than hearing only the words as traditionally translated.

A new interpretation of the Tao Te Ching, this book is a celebration of the Way of Harmony and Balance." Ray Grigg transforms what has been traditionally called the Tao Te Ching, what he calls the Lao Tzu, from the mysterious to the meaningful. He accomplishes this by abandoning the historical convention of a literal reading of the Chinese texts. The result is a poetic expression of ancient wisdom in a language that readers can approach directly. "The wisdom of the Lao Tzu rests in its ability to tease confusion into insight that is beyond the confinement of intellectual understanding. Beautifully illustrated with ink drawings by Bill Gaetz, The New Lao Tzu demonstrates that living the wisdom of the Lao Tzu requires more instinct than reason, more intuition than argument."--BOOK JACKET.
